

Figure 1. A 3D visualization of a complex, wavy surface, likely representing a topographic map or a simulation of a physical process. The surface is colored with a gradient from blue (low) to red (high).

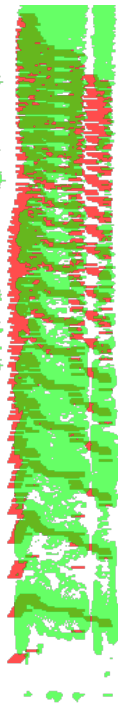

Figure 2. A 3D visualization of a complex, wavy surface, similar to Figure 1. The surface is colored with a gradient from blue (low) to red (high).

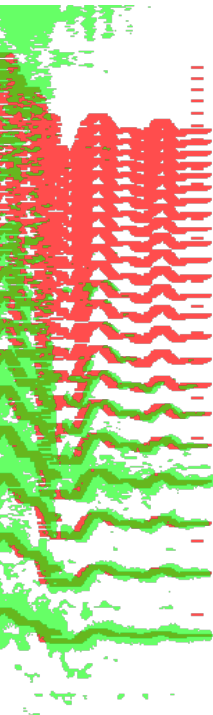

Figure 3. A 3D visualization of a complex, wavy surface, similar to Figures 1 and 2. The surface is colored with a gradient from blue (low) to red (high).
